

The **Portal Youth Outreach Association** provides advocacy and outreach support to youth at risk in the Annapolis Valley. *Our Vision is that the Annapolis Valley would be a place where all youth have a safe, supportive, and loving home.* We work towards that vision by reducing the number of youth experiencing homelessness through a collaborative community approach with other youth serving organizations and making access to services simple, relational and timely.

We strive to provide support for youth and families from a strengths-based and relationship-based perspective. Given that many youth face multiple and complex challenges, working from a trauma informed lens is critical. Employees need to come prepared with this training and perspective or participate in such training. Our work is youth-centered and youth-engaged with the hope that youth have choice in the direction of their lives.

If you love working with youth, we consider this to be one of the best jobs in Nova Scotia. We are seeking compassionate, engaging individuals that are ready to journey with a young person as they take steps forward, face challenges, and find their place in their community.
